M9 is a collaboration of the Emcee/Poet Rasar Amani and the Producer...Styles1001. The two artists met in the studio for the first time in 2009 to work on Styles' debut album "The Solution". A brotherhood was formed, and the rest is what they call history.

In 2013, Rasar approached Styles about forming a duo called M9 and putting together an album called "The Mellow 9". The idea was to have a thought provoking, jazz inspired, hip-hop album. Hence the name "Mellow". The album name eventually evolved to "The M9 Project".

"The M9 Project" which is an album not sounding like anything we've heard before. Rasar's smooth but deliberate lyricism/poetry withholds no punches while Styles delivers that jazzy, melodic, boom-bap sound he's known for. All in all, this album is one for the ages, brought to you by two of the finest to do it. THIS ONE IS FOR THE CULTURE.
